

African Bird Club

WORKING FOR BIRDS IN AFRICA

Our bulletins

Twice a year we publish a high-quality, colour Bulletin with over 100 pages which is free to all our members. It is packed full of feature articles about the African birding scene including:

- A unique round-up of news and events
- Identification articles with photographs & colour drawings
- Research papers and survey results
- Conservation studies and issues
- Site guides and trip reports
- Information and reviews of recent literature

Our meetings

We organise one or more meetings each year for our members, which include topical talks and presentations and an opportunity to meet other members.

Conservation

Your subscription and donations contribute to our Conservation Fund. This supports conservation-based projects in Africa that are vital to securing the long-term future of birds and their habitats. We also contribute to training and provide field guides and binoculars to local people working in the field.
